## CHANUKAH GAME: FINISH THAT QUOTE

**RULES:** One person, who is running the game, cuts out all the quotes, and then cuts each one in half, where the "-" appears. Place them in a pile in the center of the table and split them up between all participants. Go around the table, and start with someone reading the first half of a quote. (You can tell which is the first half because those have the numbers in front of them.) Everyone needs to check their slips of paper, to see if they have the second half of the quote. The one running the game can moderate it, to check that the right one was called out.
